BOSTON, AUGUST 4.

LAST Week was erected in King's Chapel, in this Town, a MONUMENT, ſacred to the Memory of SAMUEL VASSAL, Eſq; of London, Merchant, one of the original Proprietors of the Lands of this Country; a ſteady and undaunted Aſſertor of the Liberties of England: In 1628, he was the firſt who boldly refuſed to ſubmit to the Tax of Tunnage and Poundage, an unconſtitutional Claim of the Crown, arbitrarily impoſed; for which (to the Ruin of his Family) his Goods were ſeized, and his Perſon impriſoned by the Star-Chamber Court: He was choſen to repreſent the City of London in two ſucceſſive Parliaments, which met April 13, November 3, 1640. The Parliament in 1641, voted him 10445 l. 12 s. 2 d. for his Damages, and reſolved, he ſhould be further conſidered for his perſonal Sufferings; but the Rage of the Times, and Neglect of proper Application ſince, have left to his Family only the Honour of that Vote and Reſolution: He was one of the largeſt Subſcribers to raiſe Money againſt the Rebels in Ireland: All theſe Facts may be ſeen in the Journals of the Houſe of Commons. He was Son of the gallant John Vaſſal, who in 1588, at his own Expence, fitted out and commanded two Ships of War, with which he joined the Royal Navy to oppoſe the Spaniſh Armada.

This Monument was erected by his great Grand-Son Horentius Vaſſal, Eſqs of the Iſland of Jamaica, now reſiding in England.

Auguſt 8. Laſt Saturday Dr. Joſeph Warren, one of the Phyſicians here, left the Town for Stafford, in Connecticut, in order to examine the Waters that have been lately ſo much the Subject of Converſation, in order to aſcertain their Qualities and Uſes.—Such Examination (for which the Doctor is well qualified) by proper Experiments, will enable him to determine in what Diſtempers they are proper or improper, by which Means all Perſons reſorting to the Spring will have an Opportunity to conſult him reſpecting their Diſtempers, and the Uſe of the Waters. If the Doctor meets with proper Encouragement at Stafford, perhaps it may induce him to ſtay ſome Time to promote ſo laudable a Deſign. It is to be feared that theſe Waters may do Miſchief, unleſs ſome able Phyſician is on the Spot to give proper Advice.

Auguſt 18. Thurſday laſt being the Anniverſary of the glorious Fourteenth of Auguſt, 1765, when the noble Ardour of Liberty burſt through its long Concealment, overleaped the Barriers of Oppreſſion, and lifted its awful Creſt amid the Group of lowering Daſtards, haughty Tyrants, and mercileſs Parracides——The Patrons and Sons of Liberty, avowed the illuſtrious Cauſe, and met, a numerous and truly reſpectable Circle of the moſt virtuous, moſt opulent and moſt ſenſible Part of this great Metropolis.——At the Hour of Twelve they convened at the ſacred Tree of Liberty, every Boſom dilating with Joy, and every Eye ſparkling with Satisfaction. A Number of Cannon which were placed in a Line under the Tree for that Purpoſe, bellowed loud their Joy in a Royal Salute, which was anſwered with ſuch a thundering Peal of Huzzas as rent the Welken. The Company then retired to the Hall of Liberty, adjacent to the Tree, and drank the following loyal Toaſts.——The moſt laudable Adherence to the beſt of Sovereigns, the firmeſt Attachment to their conſtitutional Liberties, breathed in every Sentence, and talked in every Geſture, decent Mirth, the beſt Order, and moſt cordial Harmony attended the Table, and reflected Grace and Honour on this thrice happy Feſtival.

I. King GEORGE the Third, may his Reign be long and proſperous.

II. May the Prince of Wales, the Heir-Apparent to the Throne of his Royal Father, inherit his Virtues.

III. May the Britiſh Empire be always happy in a patriot King of the Royal Houſe of Brunſwick.

IV. PITT.

V. May our Brethren of Great-Britain ever be averſe to lay Reſtraints upon the conſtitutional Liberties of their American Fellow-Subjects.

VI. May the Union between Great-Britain and the Colonies never be diſſolved.

VII. May the Britiſh Colonies ever be united in the Principles of civil Liberty.

VIII. To proteſt the People, and preſerve their Rights, be the Principle of every American Governor.

IX. May the Colonies ever be watchful to obviate any evil Deſigns, or clandeſtine Meaſures, to diſturb their Harmony.

X. The American Hamden, who firſt propoſed the Congreſs in the Houſe of Repreſentatives of this Province.

XI. The brave Sons of Liberty throughout America.

XII. Added Vigour to the Spark of Liberty kindling in Spain, and Succeſs to General Paoli and the ſtruggling Corſicans.

XIII. Deteſtation to the villainous Proceedings of the 26th of Auguſt laſt.

XIV. May the everlaſting Remembrance of the 14th of Auguſt, ſerve to revive the dying Sparks of Liberty, whenever America ſhall be in Danger.

We hear that the Inhabitants of Charleſtown, at a Town Meeting held there laſt Thurſday, generouſly voted an Inſtruction to their Repreſentative to uſe his Influence in the General Court, that the real Loſſes of ſuch Perſons who have ſuffered in the late Times of general Struggle for Liberty, be made up to them out of the publick Treaſury; provided the ſaid Perſons apply in a parliamentary Way and Manner therefor.

We hear that ſeveral other Towns in this Province have given their Repreſentatives Inſtructions to the ſame Purpoſe.

Auguſt 22. Since our laſt, ſeveral Veſſels are returned from the Whaling Buſineſs, who have not only had very bad Succeſs, but alſo been ill treated by ſome of the Cruiſers on the Labradore Coaſt.

On Monday laſt arrived here Captain Coles in a Brig from Newfoundland, in whom came Paſſenger Captain Charles Penn, who informs us, that he left London in April laſt, as Pilot of the Ships Palliſer and Labradore, which were fitted out by a Company of Merchant-Adventurers in London, for carrying on a Trade with the Eſquemaux Indians, fiſhing for Whales, Seals, Cod and Salmon, in the Streights of Belleiſle, and Coaſt of Labradore; that he was employed in that Service until the Beginning of July; that he left the Streights of Belleiſle the 9th of July, and on his Way to Newfoundland, he went on board a Number of Whaling Veſſels, who had met with no Succeſs, not more than twenty Whales having been caught among the whole Fleet.—He further informs us, that many of the Veſſels which were diſappointed of Whales, went upon the Cod Fiſhery on the Labradore Coaſt, but on the Arrival of the Company's Ships, and his Majeſty's Sloop Merlin, they were ordered off, and what Fiſh they had caught were taken from them, excepting a ſmall Quantity for the Veſſel's Uſe: This was done under Pretence that the Whole of that Coaſt was patented to the above-mentioned Company, and by Virtue of the Orders iſſued by Governor Palliſer,—a Copy of which Captain Penn has favoured us with, and are as follow:

By his Excellency HUGH PALLISER, *Governor and Commander in Chief in and over the Iſlands of Newfoundland, Anticoſta, Magdelines, Coaſt of Labradore, &c. &c. &c.*

RULES, ORDERS, and REGULATIONS, to be obſerved on the Coaſt of Labradore, Streights of Belleiſle, and in the Iſlands of Anticoſta, and the Magdelines.

WHEREAS the Property of all the Land on the ſaid Coaſt of Labradore, and the Iſlands of Anticoſta and Magdelines, is centered in the Crown; and ſince the Conqueſt thereof no Part of it has lawfully been given or granted away, and no Power being veſted in me to give or grant any excluſive Poſſeſſions or Privileges to any Perſons whatſoever; and whereas it ever has been the Policy of the Nation to give his Majeſty's Subjects from Britain, in Preference to all others, every Encouragement to carry on the Fiſheries:

In order to invite Adventurers into that extenſive Field of Trade and Fiſhing, I hereby order and direct, that the whole ſhall be publick and free to all the King's Subjects, in Preference to all others, till his Majeſty's further Pleaſure be known, under the following Regulations, ſubject to ſuch Alterations and Additions as may hereafter be found neceſſary, for extending and improving that valuable Branch of Trade.

I. All the Rules and Regulations ordained by that excellent Act of the 10th and 11th of William the Third, intitled, *An Act for the Encouragement of the Trade and Fiſheries to Newfoundland*, ſhall be ſtrictly obſerved on the Coaſt and Iſlands above-mentioned (except that Proviſo in which the ſaid Act ſays, *Provided always that all ſuch Perſons as ſince the 25th of March*, 1685, *have built, &c. &c.* is not to be in Force on the Coaſt and Iſlands above-mentioned.

II. All Britiſh Subjects, Whale Fiſhers, are to chooſe Places on the Shore for landing to cut up the Whales and other Oil-Fiſh, and to make their Oil as they reſpectively arrive with Fiſh to Land, obſerving, that they are never to occupy or uſe any Place that ever has, or hereafter may be uſed by any Britiſh Cod-Fiſher.—The Whale-Fiſhers from the Plantations may fiſh for Whales, and other Oil-Fiſh of that Kind, and may land on the ſaid Coaſt and Iſlands within the Gulph only, but no where elſe, to cut up their Whales, and make their Oil; and for that Purpoſe may uſe any Place that they find unoccupied, and that never has been uſed by any Britiſh fiſhing Ship for either Whales, Cod or Seals; taking eſpecial Care that they do not fiſh for either Cod, Seals, &c. nor annoy or hinder any Britiſh Fiſher whatſoever.

III. Whereas Complaint has been made to me, that the Whale-Fiſhers from the Plantations have a Practice of turning adrift the uſeleſs Part of the Carcaſes of Whales, to the Annoyance and Damage of neighbouring Fiſhers for Cod and Seals, or elſe leave them on Shore, which is a great Nuiſance; I hereby order and direct, that all the ſaid Whale-Fiſhers ſhall carry the Carcaſes of the Whales to at leaſt three Leagues from the Shore.

IV. No Veſſel ſhall be conſidered as a Britiſh fiſhing Ship, nor be intitled to the Privilege thereof, or of being Admirals of Harbours on the Coaſt and Iſlands above-mentioned, except ſuch as clear out from Britain the ſame Seaſon, and carry out Men to be actually employed in the Fiſhery, and to return to Britain with the Ships, when the fiſhing Seaſon is over.

If any Perſon commits Murder, whether of any of his Majeſty's Chriſtian or Indian Subjects, on the Coaſt and Iſlands above-mentioned, or any other capital Crime, all his Majeſty's Subjects are hereby authorized and required to apprehend ſuch Offenders, and carry them before any Commanders of his Majeſty's Ships, or before the Admiral of any Harbour, and Oath being made before them of the Fact, the Captains of any of his Majeſty's Ships, &c. are hereby ordered and directed to ſecure them; and when they join me to bring ſuch Offender with them, in order to their being tried at the general Aſſizes.

Given under my Hand this 3d Day of April, 1766.

HUGH PALLISER.

To all whom this may concern, Captain JOHN HAMILTON, *Commander of his Majeſty's Sloop Merlin, and one of the Lieutenant-Governors of Labradore, and its Dependencies, hereby certifies that the above is a genuine Copy.*

Dated on board the ſaid Sloop,

Labradore Harbour, 16th June, 1766.

CAMBRIDGE, *Aug.* 6. Yeſterday we had a fine Opportunity of viewing the Eclipſe of the Sun, the greateſt that has been ſeen here ſince July, 1748. We had made Calculations of it from three different Tables of the moſt eminent Aſtronomers, Mr. Flamſteed, Dr. Halley, and Mr. Ferguſon. Dr. Halley's have been had in the higheſt Reputation for many Years, and have, generally, been found to deſerve it. But in this particular Eclipſe, Mr. Ferguſon's came neareſt the Truth, as to the Beginning, and Mr. Flamſteed's as to the End. The ſeveral Calculations ſtood thus:

By	Flamſteed's,			Halley's,			Ferguſon's	
Begin.	1h.	33m.	30s.	1h.	33m.	1h.	40m.	A. M.
End,	2	45	00	2	40	2	48	P. M.
Duration	3	11	30	3	7	3	8	
Middle,	1	9	30	1	3	1	14	
Digits,	9,7			9		9,5		

The Obſervation was made by exceeding good Teleſcopes, both refracting and reflecting. The Times were noted by an excellent Clock, lately arrived from London as Part of our new Apparatus, which was adjuſted to the true Time for ſeveral Days together, by equal Altitudes of the Sun, taken with our new, large aſtronomical Quadrant. We found that the Eclipſe began

	At	1h.	39m.	23s.
And that it ended at		2	45	0.
Having continued		3	5	46.

The greateſt Obſcuration was about 2h. 14m. when the Eclipſe was about 9 1-2 Digits. The Obſcurity was then ſo great, as to ſurpriſe ſeveral Perſons within Doors, who did not think of the Eclipſe.

If the Obſervation was made with equal Accuracy in any other Places, their Longitudes may be determined.

NEW-PORT, (*Rhode-Iſland*) *Auguſt* 22.

The Eclipſe of the Sun, laſt Tueſday, began 42 Minutes after Eleven o'Clock, and ended at 44 Minutes after Two, Afternoon, apparent Time. The greateſt Obſcuration, which was nearly 9 Digits, or three Quarters of the Sun's Diſk, ſenſibly diminiſhed the Heat, ſo that the Mercury in the Thermometer fell ſeveral Degrees in the Middle of the Eclipſe.

September 1. We hear that a Meteor, or large Ball of Fire, was ſeen by ſome Perſons on this Iſland laſt Monday Morning, between one and two o'Clock; and, after a violent Exploſion, diſappeared. The Concuſſion was ſo great as to occaſion the Report of an Earthquake.

NEW-YORK, *Auguſt* 25.

On Sunday Evening laſt, juſt before dark, as four Men, a Boy, and three Women, with two Infants, were croſſing the North-River, juſt oppoſite to Major James's Houſe, in a ſmall Boat belonging to the King's Stores, at about the Diſtance of Half a Mile from the Shore, the Boat filled with Water, the People cried out for Help, and were heard to the Shore, where a Canoe was got ready as ſoon as poſſible, and ſeveral Men went off to their Aſſiſtance; mean while, to prevent the Boat from ſinking, one of the Men and the Boy concluded to ſwim on Shore, but in getting out, overſat the Boat, by which one of the Infants was drowned, and ſeveral of the reſt were near ſharing the ſame Fate, eſpecially the Women and the other Infant; but with much Difficulty they all got on the Bottom of the Boat, which ſupported them till the Canoe arrived, took them in, and carried them ſafe on Shore: The drowned Infant is not yet found.——Before the Boat was quite filled, two or three Men in a Canoe paſſed cloſe to them, of whom they earneſtly begged for Succour, but in vain! The inhuman Creatures left them, and went on Shore, nor could the People there prevail with them to go off. The true Reaſon is ſuppoſed to be, they had been robbing Orchards, Corn-Fields, &c. and had their Plunder in the Veſſel.

September 2. Captain Cummings from Jamaica, four Days ago, ſpoke with the St. Auguſtine Packet, bound for Penſacola from Philadelphia, who having loſt her Bolt-ſprit, put into Virginia to refit, was then nine Weeks from Philadelphia, and three Days from the Capes of Virginia.

Poghkeepſie, Auguſt 25, 1766.

Mr. Printer,

AS the following authentick Account of the Proceedings of the Special Court of Oyer and Terminer and general Gaol Delivery, lately held at Poghkeepſie, in and for Dutcheſs County, in the Province of New-York, will doubtleſs be agreeable to many of your Readers, be pleaſed to publiſh the following Narrative.

The Court began on Tueſday the 29th Day of July, 1766, before Daniel Horſemanden, John Watts, William Walton, Oliver De Lancey, Joſeph Reade, William Smith, junior, John Morin Scott, and Whitehead Hicks, Eſquires, Juſtices of our Lord the King, aſſigned by his Commiſſion of Oyer and Terminer, and Gaol Delivery, for the ſaid County of Dutcheſs: The Court continued from Day to Day (Sundays only excepted) to Thurſday the 14th of Auguſt, 1766, when it broke up late at Night; during which Time, the Judges, the Attorney-General, three Councils for the King, the Clerk of the Aſſizes, and the Attorney-General's Clerks, were fully employed; ſeveral Indictments were found for High-Treaſon, one for Burglary, a large Number for Riots, and a few for Aſſaults and Batteries, and

...ers of Trial Officers; WILLIAM PENDERGAST, who tried for High-Treason, in which every legal Indulgence was granted to the Prisoner by the Court; and on a Trial, which lasted twenty-four Hours, the Jury composed of some of the most respectable Freeholders of the County, found him guilty; and after some Days, the Criminal, on Trial convicted of High-Treason, being set to the Bar, and asked what he had to say, why, according to the Verdict passed against him, he should not have Judgment to suffer Death? And having nothing to say, the Court proceeded to Sentence, viz. *That the Prisoner be led back again to the Place from whence he came, and from thence shall be drawn on a Hurdle to the Place of Execution, and there shall be hanged by the Neck, and then shall be cut down alive, and his Entrails and Privy Members shall be cut from his Body, and shall be burned in his Sight, and his Head shall be cut off, and his Body shall be divided into four Parts, and shall be disposed of at the King's Pleasure*; and ordered that the Prisoner be executed on Friday the 26th Day of September next, between the Hours of Ten in the Forenoon, and Two in the Afternoon of the same Day: During Sentence, and afterwards, the Criminal behaved very penitent.

Nathaniel Freeman, was tried for Burglary, and acquitted.

One Daniel Townsend, for many Years a Lieutenant of the Militia, was fined for a Riot and Assault, upon Samuel Peters, Esq; and also adjudged to stand in the Pillory one Hour, on Saturday the 16th of August instant, between the Hours of Nine and Twelve in the Forenoon, for rescuing John Way out of the Gaol at Poghkeepsie.

Also, one Samuel Goodspeed, was fined for several Offences, charged in several Indictments, and also was judged to stand in the Pillory one Hour, on Saturday the 16th of August instant, between the Hours of Nine and Twelve in the Forenoon, for a Riot and Assault on Samuel Peters, Esq; which Sentence of the Pillory was accordingly executed on them. During their Standing, Townsend made a considerable Speech, and they exhorted the By-standers never to be concerned in Mobs or Riots, but to be submissive to the Laws of their Country; in which Speech Goodspeed concurred: They appeared very humble, and said were sensible of, and exceeding sorry for their Offences, which had bro't them with grey Hairs to so ignoble a Punishment.

Jacobus Gonsalis, a Captain of the Mob, was indicted on two Indictments, the one for rescuing John Way, out of the Gaol at Poghkeepsie, and the other for riotously assembling, and marching to rescue Joshua Bishop, and Isaac Wright, from the Gaol at New-York; the Defendant plead guilty, and submitted to the Mercy of the Court; whereupon he was fined two hundred Pounds, and ordered to be imprisoned for three Months.

Jacob Brill, a Lieutenant under Gonsalis, was indicted for the same Offence, plead guilty, and was fined fifty-five Pounds.

Benjamin Gifford, on two Indictments, submitted, in one of which the Court fined him twenty Pounds, and in the other that he be imprisoned a Month.

Between sixty and seventy more were indicted for Riots, who appeared, plead guilty, and submitted; and were fined in more or less Sums, as it appeared to the Court that their Offences merited.

Saturday Night last, the Gentlemen specially commissioned to hold a Court in Dutchess County, and to dispatch Business at Albany, returned *safe* to this City.

We hear from New-London, that the Cygnet Man of War, Capt. Durell, was soon to sail for Halifax.

PROVIDENCE, *(Rhode-Island)* August 9.

Extract of a Letter from a Gentleman in New-York to his Friend here.

"*Doubtless you have heard of the Disturbances, which have arisen in the Colony of New-York, on account of some Disputes between the Claimants of large Tracts of Land there and the Terre-Tenants. One would think that as the Difficulties are of a civil Nature, and as proper Judicatories are established for deciding all Matters of Property between Subject and Subject, the* hostile *Preparations, which it is said are making against the Occupants of the Lands, presages no Good to the civil Rights of the Subject.*

It is not easy to be comprehended that in a Dispute about Property, Right of Freehold, or the like, where there are such Numbers of these Tenants, as they are called, on one Side, that they should all be so absolutely in the Wrong as to deserve Dragooning. *I pretend not to judge of the Merits of the Dispute, but only observe that if the whole Plea of the Defendants could be impartially heard, it is very likely that there would be many Things in their Case peculiarly hard, and that the Treatment they have received would be thought very injurious. Be that as it may, I cannot learn that they have committed any Crimes whereby they should be exposed to the Fury of Soldiers.*

The Landlords (as they are called) have appealed to the Arms, and have procured a Detachment to vindicate their Cause by cutting the Throats of the adverse Party. If such Decisions should grow into Use among us, it would greatly shorten Law Proceedings, and be the most effectual Means of gaining a Cause.

If their High Mightinesses *had condescended to state the Controversy, and explain to the Worldthe Legality and Expediency of their Measures before the* general Massacre, *it might have been satisfactory to those who have more Scruples about shedding the Blood of their Fellow-Subjects. But no Manifesto being published, is it likely that the civil Authority in these Colonies will be indifferent Spectators whilst such a bloody Tragedy shall be acting?*

But it hath been said that these Tenants were Rioters.—If making lawful Resistance against unjust Force and Violence be a Riot, then perhaps they may come under the Name. It is a very soft Matter for Men of Wealth and Power to breed with odious Appellations, those whom they intend to oppress and injure.—Before a standing Army was kept up among us there was no Riots or Tumults, but such as the common executive Power could easily quell, and what should make them necessary now I cannot conceive, unless it be to give Aid to Individuals in the Execution of their ambitious Plans.

Perhaps, my dear Friend, that whilst we are guarding against Danger from abroad, we shall become inattentive to Dangers from within our own Country.—Doth the protecting, defending, and securing America, require an Army at New-York, in Time of Peace, or the marching of the Garrisons from the frontier Posts to put in Force an oppressive Stamp-Act?—Or what Defence or Protection can be contrived in committing Riots, breaking City Lamps, violently assaulting the Peace Officers, cutting off their Ears and slitting their Noses, rescuing Criminals; or marching away to jail upon a Parcel of his Majesty's Subjects, at the Request of any whose Interest it is to distress them."

THE Co-partnership of MILES BREWTON, and THOMAS LOUGHTON SMITH, being expired, and the former intending to go for England in the Spring, they are determined finally to settle their Affairs by that Time, THEREFORE Notice is hereby given to all *without Distinction* whose Debts became payable preceding the First of January last, that unless they are discharged or otherwise fully satisfied by the First Day of *January next*, they will then assuredly be delivered to an Attorney to be recovered according to Law.

And those whose Contracts became due since January last, it is expected will discharge their respective Debts by the First of March next at latest.

The Bonds, Notes, and open Accounts, due for Goods sold by ROBERT MILLER, at Bacon's Bridge, and unpaid on the First of January next, will also without Distinction be then placed in the Hands of an Attorney to be sued.

N.B. The Buildings at Bacon's Bridge, near Dorchester, now occupied by Mr. Joor, consisting of a good Dwelling House, front and back Stores, and convenient Out-buildings for a Family, with upwards of 70 Acres of Land, well situated for Trade, in a populous Part of the Country, is to be sold a Bargain.—Two Years Credit will be given the Purchaser, paying Interest and giving Security if required.

Charles-Town, October 2, 1766.

AS little or no Regard has been shewn to the repeated Advertisements of the Executors of Thomas Gordon, deceased, requesting all Persons indebted to the said Deceased, to pay off their respective Debts;—They have now placed the Bonds, Notes and Accounts, due to the Deceased's Estate in my Hands, with Instructions to proceed in a legal Course, if not discharged by the First of November next, until which Time, such Persons as are interested in this Notice, will have an Opportunity of making Payment, without incurring any Charge or Expence; but after that Day, nothing of this Sort may be expected.

LONDON, June 18.

THE Wiſdom in repealing the Stamp-Act is as evident to the meaneſt Capacity, if properly conſidered, as that two and two are equal to four; the good Conſequences whereof are; Commerce revives, the Manufacturers and Mechanicks in their numberleſs Branches are again following their honeſt Occupations; and Numbers of others, who were languiſhing for the common Neceſſaries of Life thro' want of Employment, are by it made uſeful to Society.—The Stagnation it would have cauſed in Commerce and Trade, and the Train of Evils that would have been conſequent on it, cannot be fully deſcribed, as no Perſon could have known where, when, and how it would have ended.—Imagination cannot conceive the Horrors of ſuch a Scene! Happy for this Nation, then, and her Colonies, this Scene of Miſery has not been ſuffered to make its Appearance.

We can aſſure the Publick, that all the late ſcandalous Reports, relative to a celebrated Perſonage in Germany, are entirely falſe.

The Account that the ſaid illuſtrious Perſon had ſent back the Enſigns of a noble Order, is equally falſe and ſcandalous. The true State of the Caſe is as follows: On the Death of any Knight of the ancient and noble Order of the Garter, the Inſignia are uſually ſent over to England. Thoſe ſent over lately belonged to a Prince of the Houſe of Brandenburgh-Anſpach, who died about nine Years ſince; which are the Property of the Chancellor of the Garter: The preſent Chancellor claims them as his Property, and the Executors of the late Chancellor (in whoſe Time the Prince's Death happened) claim them as their Property; in the mean while till this Affair is determined the Inſignia remain in the Hands of the Garter King at Arms.

We hear that a certain illuſtrious Perſonage, whoſe extraordinary Behaviour engroſſes the Attention and Converſation of the Publick, intends to make a formal Abjuration of the Proteſtant Religion, in the ſame Manner as a Prince of the ſame Family did a Century ago: For which he is ſaid to have given Fifty Reaſons, which have been ſince printed in a Book of that Title.

The Biſhop has given Security for his good Behaviour. He bears a remarkable Character for a mild, modeſt, and diſcreet Perſon, and is about 50 *Years of Age.*

The Right Honourable the Earl of Shelburne has appointed Richard Sutton, Michael Peter Murin, and John Chriſtopher Roberts, Eſqrs. to be the Under-Secretaries in his Lordſhip's Office for the Southern Department.
